Chapter Two Regular Acute Reinsurance

I. Eligibility

Regular Acute Reinsurance is provided to partially reimburse the Contractor for covered inpatient facility services as described in contract and this manual, when the cost of care for a member exceeds a deductible amount. All members who are prospectively enrolled with a Contractor on a capitated basis and meet the appropriate deductible amount are eligible for Reinsurance benefits, excluding SOBRA Family Planning, SSDI-TMC, State Only Transplants and PPC members. The deductible amounts and coinsurance percentages are detailed in contract. The coinsurance percentage is the rate at which AHCCCSA will reimburse the Contractor for covered inpatient facility services incurred above the deductible.

II. Determination of Benefits

Services that are covered under Reinsurance are specified in the AHCCCS Reinsurance System on the RI325 screen titled "RI Covered Services".

In addition to inpatient facility services, per diem rates paid for nursing facility services provided within thirty (30) days of an acute hospital stay, including room and board, provided in lieu of hospitalization for up to ninety (90) days in any contract year shall be eligible for Reinsurance coverage. PPC inpatient expenses are not covered under the reinsurance program for any members unless they qualify under catastrophic or transplant reinsurance.

AHCCCS will utilize adjudicated encounters for services provided to determine Reinsurance benefits. Effective with dates of service 10/01/08 and after, the following services are covered:

- Inpatient services provided in an acute care hospital. (Provider Type (PT) 02) Encounters in which the day of admission and the day of discharge are the same, termed a same day admit and discharge, valued on the outpatient hospital fee schedule are not eligible for reinsurance coverage. Encounters in which the day of admission and the day of transfer are the same, termed same day admit and transfer are eligible for reinsurance coverage.
- Skilled Nursing Facility (PT 22) services provided within thirty (30) days post discharge of an acute care stay, limited to ninety (90) days per contract year.
- Inpatient services provided in a Joint Commission on Accreditation of Healthcare Organizations (JCAHO) accredited psychiatric hospital (PT 71). Individuals, who are 21 through 64 years of age, have stay limitations of thirty (30) days per admission and sixty (60) days per ADHS contract year (July 1 through June 30).
- Care provided in a JCAHO accredited inpatient psychiatric facility such as a Residential Treatment Center (RTC) (PT 78, B1, B2, B3) or subacute facility (PT B5, B6). For individuals ages 21-64 (inclusive) in subacute facility with more than

sixteen (16) (PT B6) limitations of thirty (30) days per admission and sixty (60) days per ADHS contract year (July through June) apply.

- Care provided in a Medicare certified Institution for Mental Disease (IMD) for individuals over 65 years of age.
- Acute Behavioral Health Services up to 72 hours per episode for Title XIX and Title XXI members not yet RBHA enrolled.

There can only be one regular acute Reinsurance case per AHCCCS enrolled recipient per contract year, per Contractor. Reimbursement for Regular Acute Reinsurance benefits will be made once each month.

III. Deductibles

The deductible level is based on the Contractor's statewide AHCCCS acute care enrollment (not including SOBRA Family Planning Extension members) as of October 1st each contract year. AHCCCSA will adjust the Contractor's deductible level at the beginning of a contract year if the Contractor's enrollment changes to the next enrollment level. **Beginning October 1, 2009, and annually thereafter, each of the deductible levels below will increase \$5,000 per year.** A Contractor at or above the 35,000 enrollment deductible level may elect a lower deductible level prior to the beginning of a new contract year.

Effective for Dates of Service 10/01/08-9/30/09

<i>Statewide Plan Enrollment</i>	<i>Annual Deductible*</i>	
	<i>Prospective Reinsurance</i>	<i>Coinsurance</i>
0-34,999	\$20,000	75%
35,000-49,999	\$35,000	75%
50,000 and over	\$50,000	75%

* applies to all members except SSDI-TMC, SOBRA Family Planning, State Only Transplants and PPC members

Deductible Carryover - When a member changes Health Plans within a contract year, Reinsurance eligible costs will not follow the member to the receiving Health Plan. A new reinsurance case will be opened with the receiving Health Plan if the member incurs eligible costs above the receiving Health Plan's deductible level.

ALTCS Program Contractor & Ventilator Dependent Plans Acute Reinsurance

I. Eligibility

Reinsurance is provided to partially reimburse the Program Contractor for covered services as described in contract and this manual, when the cost of care for a member exceeds a deductible amount within a contract year. All members who are enrolled with a Program Contractor on a capitated basis and meet the appropriate deductible amount are eligible for Reinsurance benefits. The deductible amounts and coinsurance percentages are detailed in contract. Not all AHCCCS covered services are covered by Reinsurance. Long term care services or services usually covered under a facility's room and board charges are excluded from ALTCS Reinsurance benefits.

Chapter Five Other Reinsurance

For all reinsurance case types other than transplants, Contractors will be reimbursed 100% for all medically necessary covered expenses provided in a contract year, after the reinsurance case total value meets or exceeds \$650,000 (total health plan paid amount including the deductible). Once this level is met, the Contractor must notify, via email, the AHCCCS Reinsurance Supervisor in order to receive enhanced Reinsurance benefits. Reinsurance Case Approved Amounts over \$650,000 are transferred to a newly manually created case per the request of the Contractor. The Contractor is required to split encounters as necessary once the reinsurance case reaches \$650,000. Failure to notify AHCCCSA or failure to split and adjudicate encounters appropriately within 15 months from the end date of service will disqualify the related encounters for 100% reimbursement consideration.

Reinsurance Processing Manual

Chapter Seven

Coordination of Benefits and Third Party Payments

Pursuant to federal and state law, AHCCCS is the payer of last resort except under limited situations. This means AHCCCS shall be used as a source of payment for covered services only after all other sources of payment have been exhausted. The Contractor shall coordinate benefits in accordance with 42 CFR 433.135 et seq., ARS 36-2903, and A.A.C. R9-22-1001 et seq. so that costs for services otherwise payable by the Contractor are cost avoided or recovered from a liable party.

The two methods used in the coordination of benefits are cost avoidance and post payment recovery. The Contractor shall use these methods as described in A.A.C. R9-22-1001 et seq. and federal and state law.

Contractors are required to notify AHCCCS or its authorized representative, within ten (10) business days of the identification of a 1st or 3rd party liability case with known Reinsurance. Failure to comply with the notification requirements may result in those sanctions specified in contract. Should AHCCCS or its authorized representative identify third party recovery payments received by the Contractors that do not comply with the notification requirements in this section the following actions shall occur:

- A. For open cases, AHCCCS shall reimburse itself 100% percent of any duplicate payments by adjusting the Reinsurance case. An administrative fee of 15 percent of the duplicate payments shall be added to the adjustment.
- B. For closed cases, AHCCCS or its authorized representative shall bill the contractor directly for 100% percent of the duplicate payments. An administrative fee equal to the current TPL Contractor's contingency fee schedule shall be added to the billing.

All Medicare and Third Party payers' should be billed and the encounter adjudicated through the Contractor's system prior to submission to AHCCCS. In addition, the Medicare Allowed, Medicare Paid, Third Party Payments and Value Code fields, as applicable, must be completed when the encounter is submitted for Reinsurance consideration.

Reinsurance Processing Manual

Chapter Eight Time Limits

Reinsurance encounters must be adjudicated and attain a clean status no later than fifteen (15) months from end date of service or date of eligibility posting, whichever is later. For hospital/long term care encounters, "date of service" equals the date of discharge.

When a void encounter is submitted for a previously paid associated Reinsurance encounter, the reinsurance payment related to the voided encounter will be recouped. When a void-replace encounter is submitted and the replaced health plan paid amount is less than the original health plan paid amount, the difference will be recouped. When a void-replace encounter is submitted and the replaced health plan paid amount is greater than the original health plan paid amount, any additional reinsurance payment due will only be paid if the void-replace encounter was adjudicated and reached clean claim status within 15 months from end date of service, or date of eligibility posting, whichever is later. If the void-replace was not submitted timely, reinsurance reimbursement will be calculated and paid up to the original health plan paid amount, no additional reinsurance dollars will be paid.

If a Contractor submits a void-new day encounter when the situation warrants a void-replace encounter according to encounter submission protocol, the reinsurance system will recoup all reinsurance payments made related to the voided encounter, and the new day encounter will be subject to timely filing limits of 15 months from end date of service, regardless of when the original encounter was adjudicated.

Encounters for reinsurance claims that have passed the fifteen month deadline and are being adjusted due to a claim dispute or hearing decision must be submitted and pass all encounter and reinsurance edits within 90 calendar days of the date of the claim dispute decision, hearing decision, or Director's decision, whichever is applicable. Failure to submit the encounter within this timeframe will result in the loss of any related reinsurance dollars.

Chapter Nine Reimbursement

AHCCCS will reimburse a Contractor for costs incurred in excess of the applicable deductible level, subject to coinsurance percentages. Covered amounts in excess of the deductible level shall be reimbursed based upon costs paid by the Contractor, net of interest, penalties, discounts and coinsurance, unless the costs are paid under a subcapitated arrangement. In subcapitated arrangements AHCCCS shall base reimbursement of Reinsurance encounters on the lower of the AHCCCS allowed amount or the reported Health Plan paid amount, net of interest, penalties, discounts and coinsurance.

Chapter Ten Appeal/Claim Dispute Process

Health Plans, Program Contractors and Ventilator Dependant Plans must exhaust all authorized processes before filing a claim dispute with the AHCCCS Administration. After all alternatives have been exhausted and a Reinsurance payment dispute still exists, the Contractor may file a claim dispute with the AHCCCS Office of Administrative Legal Services.

The Contractor may dispute the denial or adjudication of a Reinsurance Encounter or payment. The Office of Administrative Legal Services will not investigate a pending encounter.

In accordance with Arizona Revised Statute §36-2903.01(B)(4) grievances (claim disputes) must be filed no later than twelve (12) months from the date of service, (12) months from the date of eligibility posting, or sixty (60) days from the denial of a timely claim submission, whichever is later.

Arizona Administrative Code R9-34-404 requires that all claim disputes must be submitted in writing and specify the factual and legal basis for the dispute, and the relief requested. Claim Disputes must be submitted to:

AHCCCS Office of Administrative Legal Services
Mail Drop 6200
P. O. Box 25520
Phoenix, AZ. 85002

YH09-0001 (Acute) and YH07-0001 (ALTCS) contracts provide that when a claim which gives rise to a Contractor's reinsurance benefit is the subject of a grievance (claim dispute), appeal or other legal action, the Contractor is allowed ninety (90) days from the date of a grievance (claim dispute), hearing decision, or Director's decision, whichever is applicable, to provide to AHCCCS any related encounters. Those encounters must be adjudicated and reach clean status within the 90 day timeframe in order to receive reinsurance reimbursement.
